Multisport Product Review

The all new 'waterproof SPIbelt'

The Iphone (or similar!) is an amazing cyber version of a swiss army knife – so many uses and we have discovered the map my run app which utilizes your phone as a gps plotter. The SPIbelt allows you to run with your phone with no bounce effect. The **Water Proof SPIbelt** incorporates a customised Aloksak waterproof bag. Aloksak bags have been certified waterproof in excess of 60 metres for over two weeks and passed the submergence/thrash/pull test conducted by the US Navy Experimental Diving Unit. These leak proof products offer unparalleled water-tightness in a re-closeable cost-effective bag. Awesome but cost effective
 Price: \$49.99

MuleBars

There are so many nutrition bars to choose from but the MuleBar has found favour with many athletes looking for a natural bar that is easy to eat on the go.

MuleBar says: "We believe there is no energy like the natural energy which is why MuleBars are made from 100% natural and seriously tasty ingredients."

"Two of our four MuleBars are Fairtrade accredited but watch this space as we are working hard with fruit and other ingredient producers around the world to make all the bars Fairtrade.

MuleBars come in seven awesome flavours including Summer Pudding, Liquorice Allsports, Apple Strudel, Mango Tango, Hunza Nut, Pinacolada and Chocolate Fig Fiesta. With such a big selection there is bound to be a flavour you fall in love with!

"We even love to cover the apple strudel bars in warm custard. It's a tasty and easy dessert, especially when you are camping or staying out overnight in a hut in the wilderness of New Zealand. We dare you to try it!"

Price: \$ 6 each or 2 for \$10

Great Value Buoyancy Aid: Rasdex Progression.

This is a pull over the head unit with soft foam and a great fit. There is a rear pocket for your hydration bladder and a foam block for your drinks tubes on the front. Finally mesh pockets give you storage for your food bars or gels.

Price \$ 229.99

WRSI 'Current'

The WRSI 'Current' Helmet is the result of the Whitewater Research and Safety Institute's mission to promote whitewater recreation safety and save lives by disseminating knowledge and improving equipment. They've achieved that with the WRSI 'Current'

Helmet. Designed to dissipate energy from multiple major impacts, this helmet will provide you with far better protection than most of the composite helmets on the market. It is pretty comfortable too!
Price \$194.95

NRS - 'Havoc' (multifit)

NRS - 'Havoc' (multifit) - new on the NZ market this helmet comes with an adjustable cradle yet is stylish as well! Using a dial fit system similar to many bike helmets the cradle is easily adjusted to fit all shapes and sizes. We think this is an excellent value helmet!
Price \$132.95

"Wicked Wings" Wing Paddles

Finding a reliable source of quality wing paddles at an affordable price isn't easy. These paddles are imported from South Africa and come in both teardrop and parallel shapes with small and medium blades ideal for multisporters. Available in both single piece and split shaft these are a fantastic buy.

Price \$ 449.95 single piece - \$525 split shaft with Quicklock
